How to donate? And how to profit from our offers?

- Please fill in the donator form below and print it out (or vice versa!)
- Send us the stuff you want to donate and include the donator form.

Please send it to: SUBVERT STORE, Neuer Pferdemarkt 32, 20359 Hamburg St.Pauli, Germany
 In case you aren't sure whether we accept it please send first a digital photo to help@subvertcubaproject.org.
 But in general the cubans need everything: skate stuff, shoes, pads, tools (for building ramps!)...

- Then you receive an email from us with the rebates for you and how to proceed

As a basic rule: if you donate 1 deck, you get a discount on 1 deck.
 You get any deck from us for only 39,90, even if the price was 69,90. You also get our wheels and bearings cheaper by 30%!!
 The price includes even griptape! Shipping is not included, so you should donate and order together with your friends!

You can also first buy and donate afterwards. As long as it is only 2 weeks time inbetween, we will transfer you the rebate sum back to your account. By this, you might first receive a box, which you can use then for sending your donations
